

Material suplementario

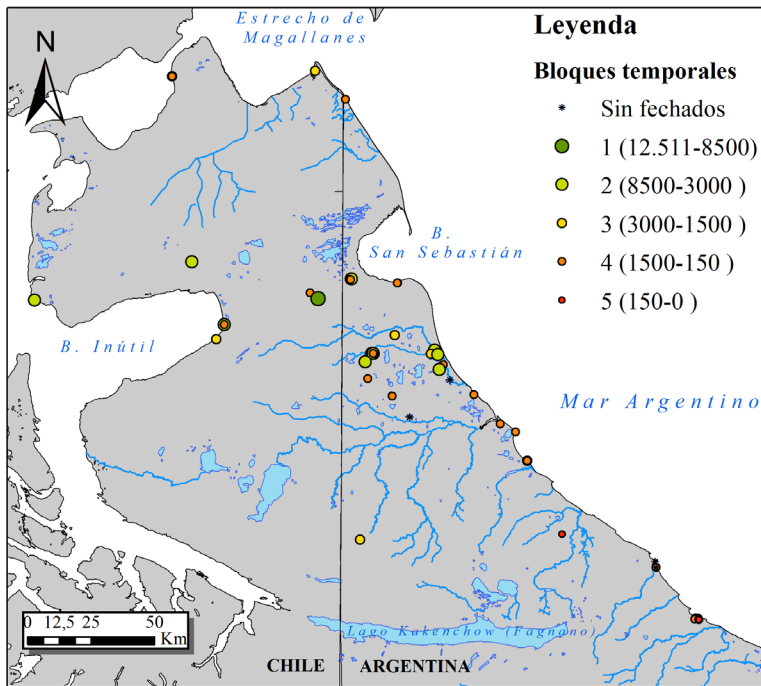

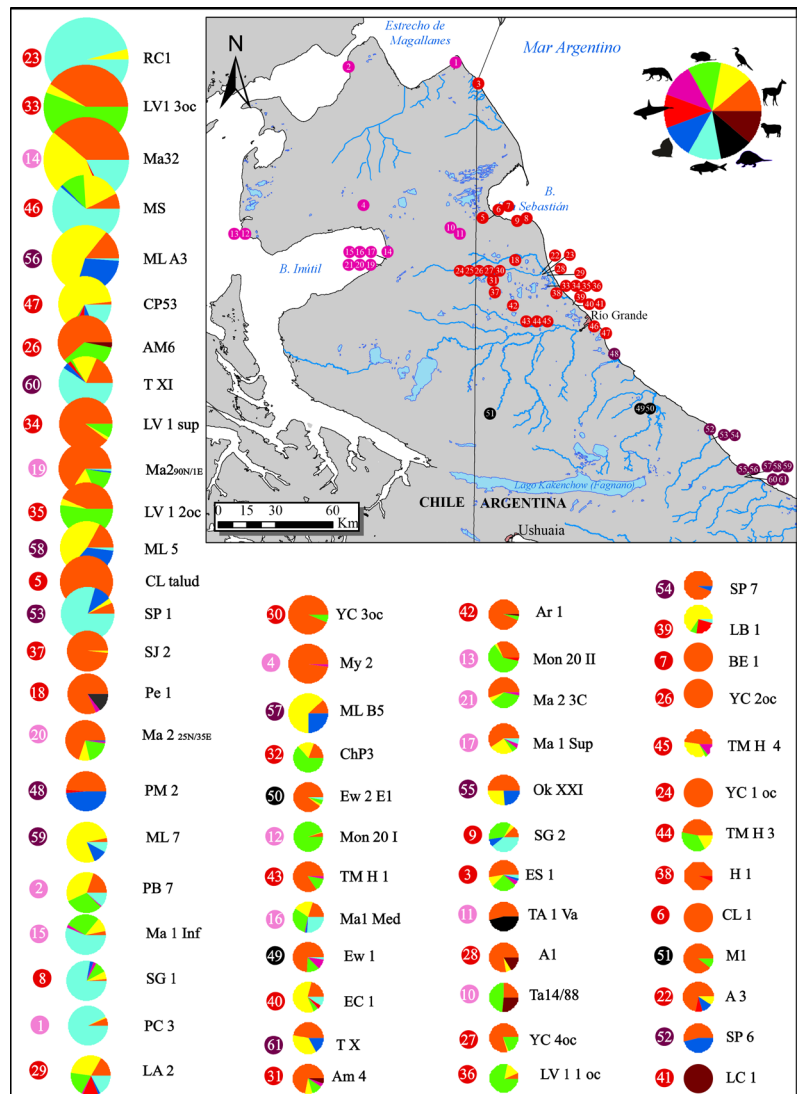

Figura suplementaria 1. Ubicación de los sitios según los bloques temporales estudiados.

Supplementary Figure 1. Location of the sites according to the time blocks studied.

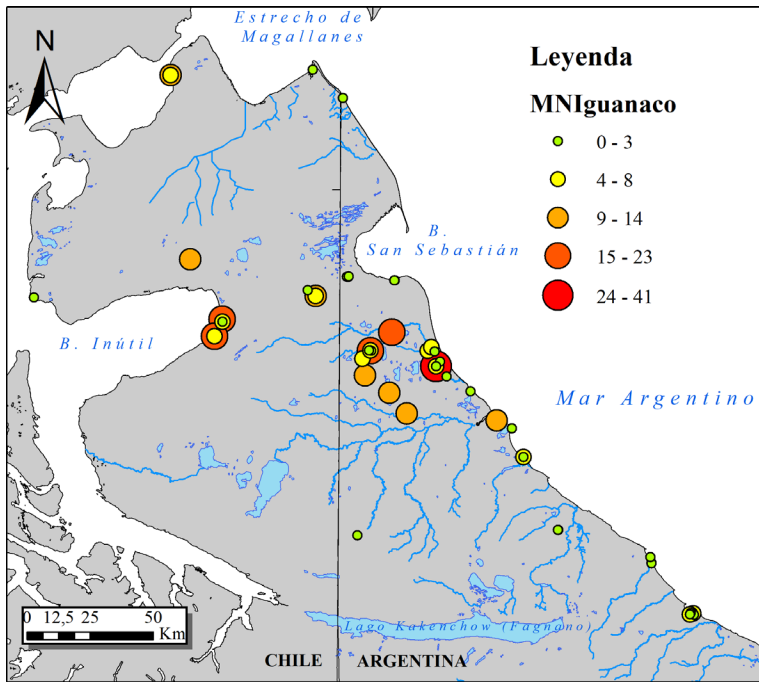

Figura suplementaria 3. Valores de MNI de guanaco en todos los contextos analizados.

Supplementary Figure 3. Guanaco MNI values in all analyzed contexts.

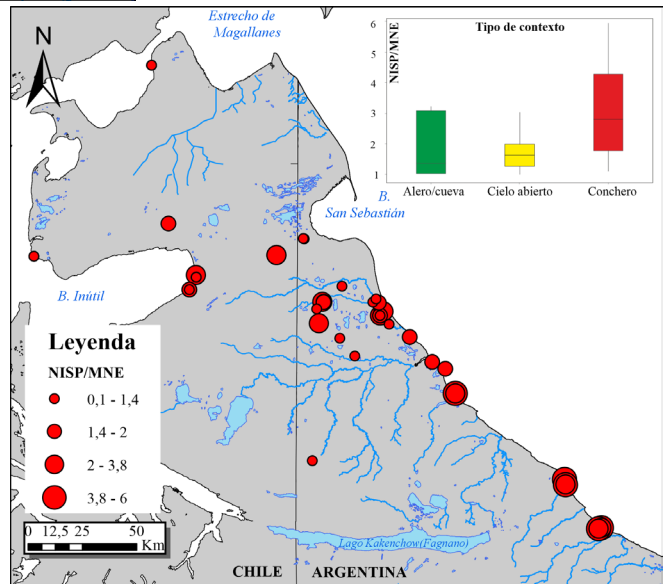

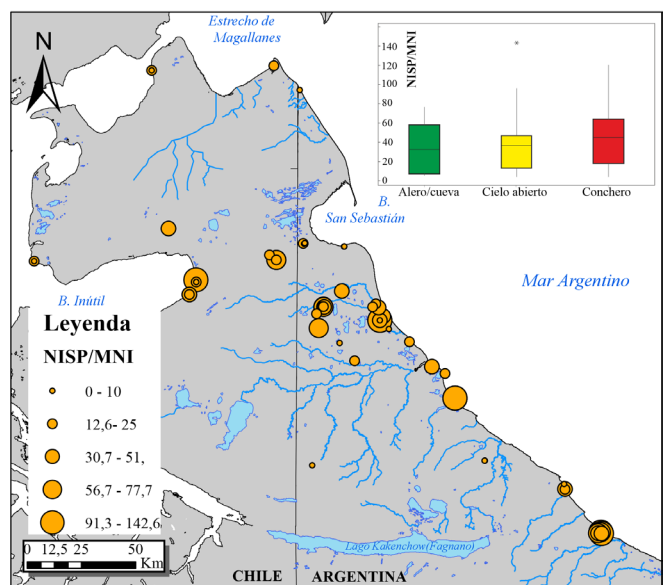

Figura suplementaria 4. Valores de índices de fragmentación NISP/MNE y NISP/MNI.

Supplementary Figure 4. NISP/MNE and NISP/MNI fragmentation index values.

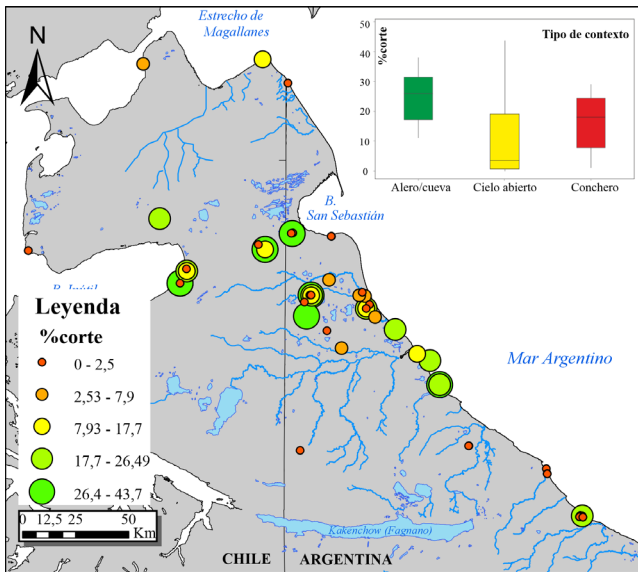

Figura suplementaria 5. Valores % de marcas de corte y valores % de termoalteración por contextos analizados.

Supplementary Figure 5. Percentage values of cut marks and percentage values of thermo alteration by analyzed contexts.

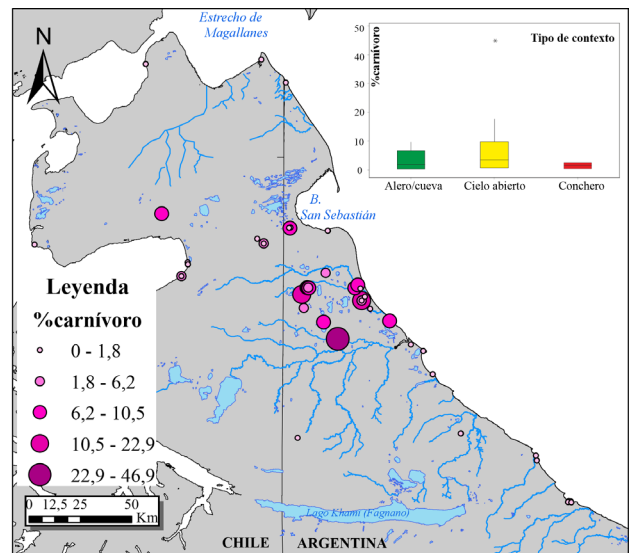

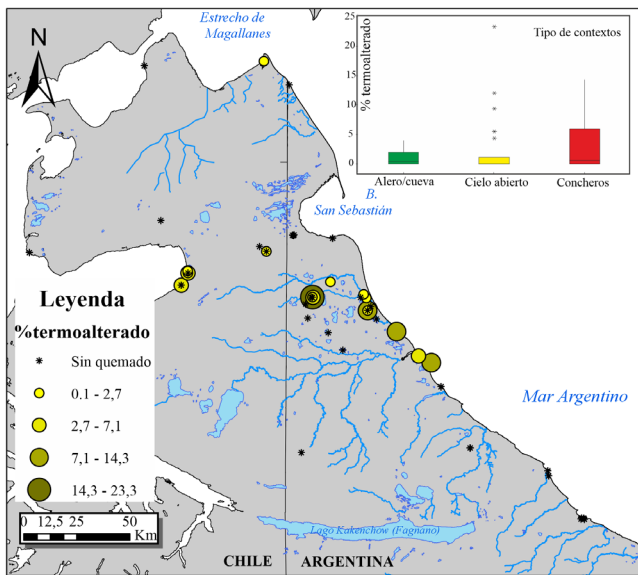

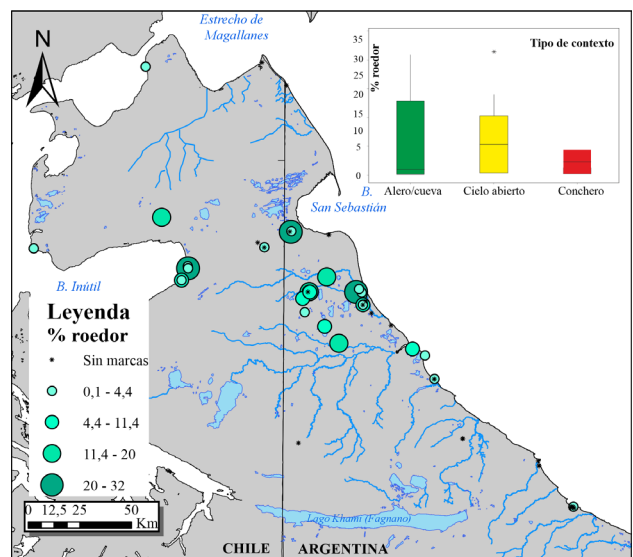

Figura suplementaria 6. Valores % de marcas de carnívoro y % de roedores por contextos analizados.

Supplementary figure 6. Percentage values of carnivore marks and percentage of rodents by analyzed contexts.

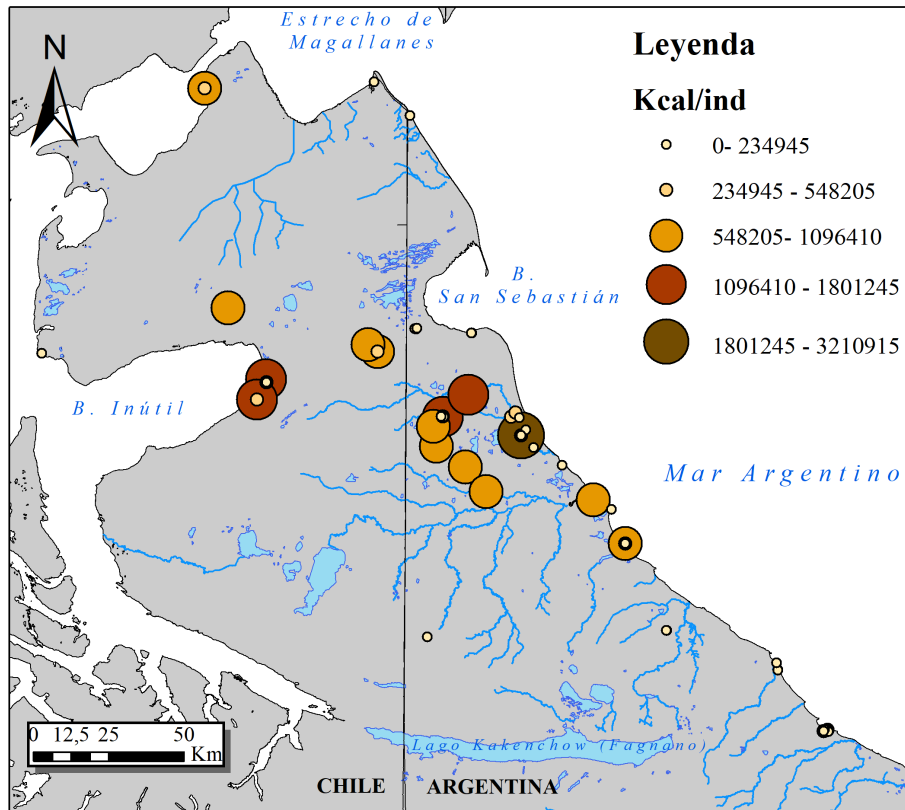

Figura suplementaria 7. Valores de kilo calorías por individuos de guanaco en todos los contextos analizados.

Supplementary figure 7. Estimation of kilo calorie values by guanaco individuals in all analyzed contexts.
